

Nathan Myers

(812) 391-1530 | nathanemyers@proton.me | github.com/nathanemyers | Chicago, Illinois

PROFESSIONAL SUMMARY

Senior frontend engineer with 15 years across startups and larger platforms (SteelSeries, TD Ameritrade, Cerner). Deep React and TypeScript expertise, with a track record of architecting real-time, performance-sensitive systems: an Electron application and sandbox execution harness, a video editing suite, and an internal shared component library. Comfortable refactoring and shipping simultaneously in live, fast-moving codebases across six early-stage startups. Documentation-forward and mentorship-oriented.

CORE COMPETENCIES

React & TypeScript

Real-Time UI Architecture

Performance-Critical Interfaces

Electron Applications

Component Library Design

Full-Stack Range (Node/GraphQL)

Shipping in Live Codebases

Cross-Team Collaboration

WORK EXPERIENCE

SteelSeries December 2018 - July 2026

Senior Frontend Developer

Chicago, Illinois

- Architected and shipped a real-time, performance-critical Electron application and sandbox execution harness, plus a video editing suite.
- Designed and maintained an internal UI component library and shared NPM libraries adopted org-wide.
- Mentored junior developers via constructive PR review and pair programming.
- Built cross-team tools after learning other departments' actual pain points.

Placester December 2017 - December 2018

Senior Developer

Chicago, Illinois

- Built NodeJS backend services on AWS Lambda for complex real-time lead routing.
- Built GraphQL APIs unifying disparate legacy services into a single data interface.

Fulton Works September 2016 - June 2017

Senior Developer

Chicago, Illinois

- Rapidly prototyped and shipped React products across six early-stage startups, refactoring live code under real deadline pressure.
- Stack: React.js, Redux, JavaScript ES6, CSS3, Django, Python, Test-Driven Development.

EDUCATION

M.S. Computer Science **Indiana University** 2010
Bloomington, IN

B.S. Computer Science **Earlham College** 2008
Richmond, IN

SKILLS

Languages: JavaScript ES6+, TypeScript, HTML, CSS, GoLang, Python, SQL

Frameworks: React, Redux, Redux Saga, Electron, Styled Components, Jest **Platforms & Tools:** NodeJS, NPM, Webpack, Babel, Git
